Forecast Rainfall Amounts

Today through Sunday morning

Weather Forecast Office
Houston/Galveston TX
Issued Nov 28, 2020 4:38 AM CST

Here are the forecast rainfall amounts for today through Sunday morning. Localized higher amounts are possible where any training or heavier cells occur.

Freezing Temperatures

Monday Night-Tuesday Morning

Weather Forecast Office
Houston/Galveston TX
Issued Nov 28, 2020 4:09 AM CST

Prepare for several hours with temperatures at or below freezing Monday night through Tuesday morning.

Hazardous Weather

Numerous showers and thunderstorms can be expected across South Texas today as a cold front moves across the area. Some storms may be strong with gusty winds, hail and frequent lightning possible. Heavy rainfall can also be expected with the stronger storms. Highs will be in the mid 70s across the east ahead of the cold front to mid 60s across the west behind the cold front.

Showers and thunderstorms will end from west to east tonight as the cold front exits the area. Drier and cooler air will filter across South Texas in its wake. Lows tonight will range from the mid 50s east to upper 40s west.

Hazardous Weather

Today | Rainy with a Cold Front

Favorable Marine Conditions

Weather Forecast Office
Brownsville/RGV, TX
Issued Nov 28, 2020 4:48 AM CST

Showers and thunderstorms will develop within Deep South Texas and the Rio Grande Valley as a cold front begins moving through the region from the west. Meanwhile, along the Lower Texas Coast, mariners can expect light to moderate winds and moderate seas.

Cool & Rainy Today

Locally heavy downpours over 2 inches possible over the Coastal Prairies

Weather Forecast Office
Austin/San Antonio, TX
Issued Nov 28, 2020 4:00 AM CST

Today will remain chilly and damp with scattered thunderstorms possible. The heaviest rain and best chance of storms will be south and southeast of San Antonio. Highs will range from the low 50s north to middle 60s south.

Hazardous Weather

Today: Cool and Rainy

High Temperatures only in the 40s and 50s

Weather Forecast Office

San Angelo, TX

Issued Nov 28, 2020 2:11 AM CST

Numerous showers with a few thunderstorms will affect nearly this entire area into the late afternoon hours today. The rain will end from west to east during the late afternoon and evening hours.

Expect a cool and wet day across West Central Texas. Showers and a few thunderstorms will spread across the area overnight and continue into the afternoon hours. Highs will be in the 40s and 50s.

Winter Weather Advisory

In effect until noon

Weather Forecast Office

Lubbock, TX

Issued Nov 28, 2020 8:04 AM CST

Visit www.weather.gov/lubbock for the latest weather updates
For road conditions visit drivetexas.org

A winter weather advisory is in effect until noon for Parmer, Castro and Swisher counties. Another inch of snow is expected before the snow comes to an end around noon.

Hazardous Weather

Saturday's Weather (highs shown)

Light rain and snow expected, ending from west-to-east in the afternoon

Weather Forecast Office

Lubbock, TX

Issued Nov 28, 2020 3:29 AM CST

Much cooler temperatures (30s & lower 40s for highs) and widespread precipitation will spread over the region today. Light snow can be expected in the extreme southwestern Texas Panhandle with a rain/snow mix on the South Plains. Mostly rain is expected for the Rolling Plains. Light snow accumulations of a dusting to an inch will be possible over parts of the Caprock, with isolated 2" totals possible. The best chance for accumulating snowfall will be across the southwest Texas Panhandle.

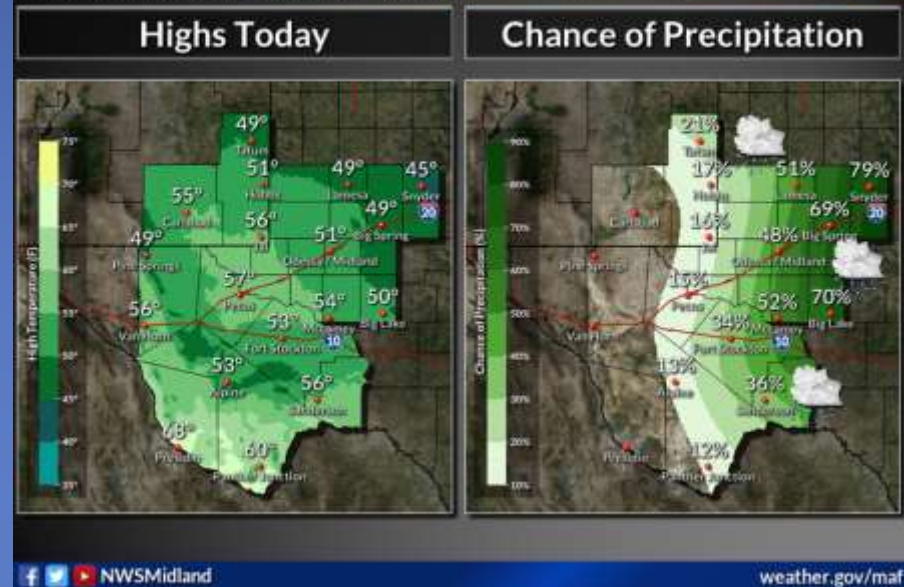

Morning Precipitation

Cool today will some precipitation possible this morning.

Weather Forecast Office

Midland/Odessa, TX

Issued November 28, 2020 5:21 AM CT

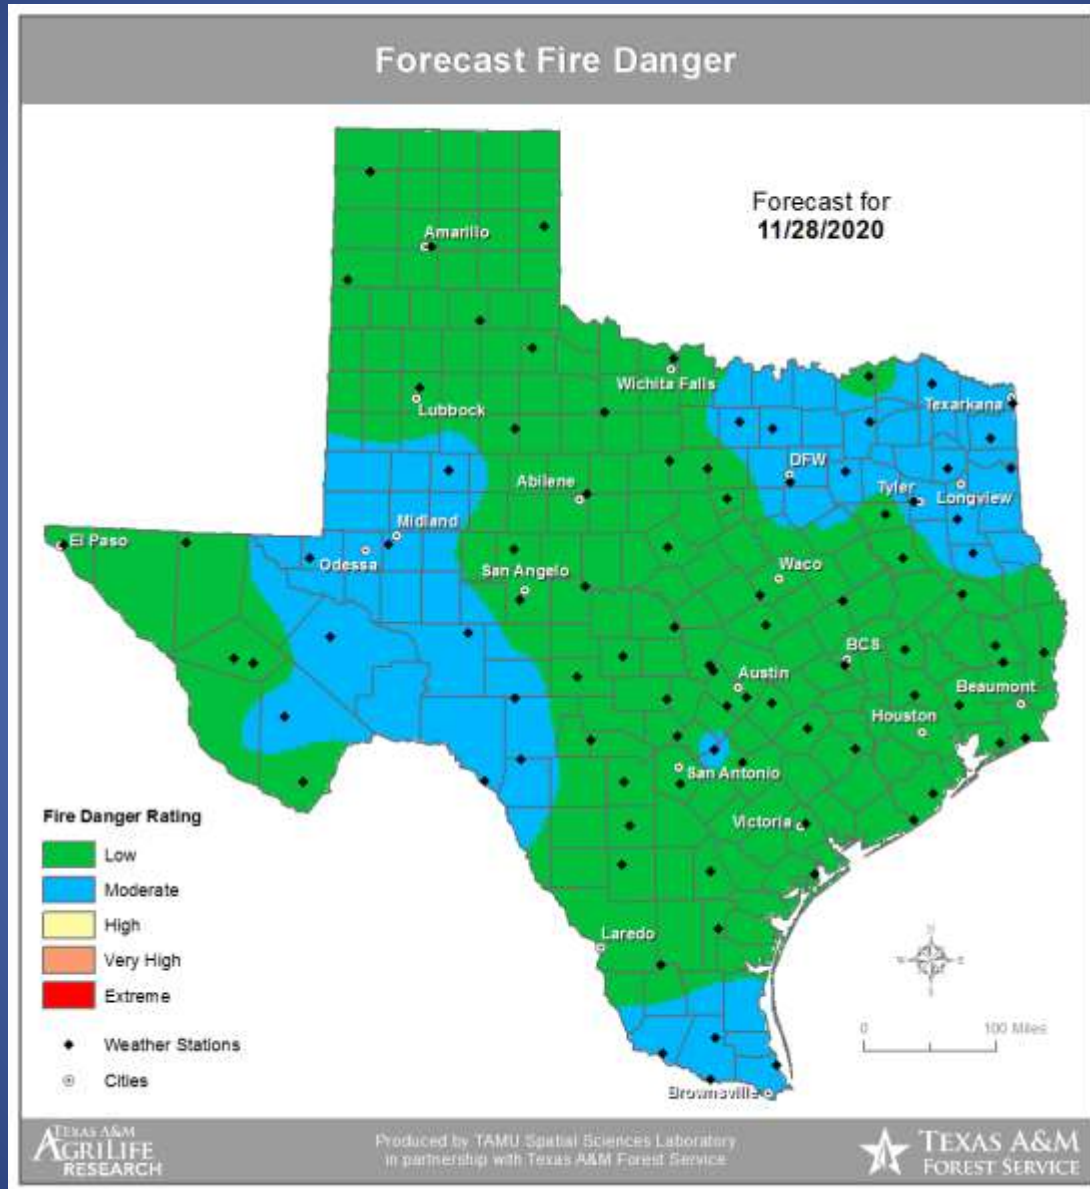

Rain is possible this morning, with the greatest chances along the Lower Trans Pecos and Eastern Permian Basin.
